

SILVA 125g, 200g and 400g pasteurized cheese spreads

Our Silva pasteurized process cheeses have been a crowd pleasing favorites since 1956! They have a smooth, creamy texture and are crafted from real emmental, edam and gouda cheeses to please the most discerning palate.

It is perfect when served on a everyday bread or for entertaining on a snack or dip. It's a good source of Protein, Calcium and Phosphorus too.

P/L Brands - Diversify your Product Portfolio with our Proven Winners

Our gourmet spreads & quality products and innovative packaging solutions make us the perfect partner in your efforts to drive new sales with private label products.

Whether it's for one of our many in-house formulas or one we especially design for you with your private label, each product has that Finnish quality.

Our pasteurized process cheese products are limited only by the imagination of our customers.

Available also as Organic!
