

Ilo Cashew White Mold

- Organic
- Dairy free
- Lactose free
- Soy free
- Gluten free
- Does not contain any artificial flavorings
- Good for vegans

Ilo Cashew White Mold is a vegan delicacy, made of organic cashews. It is made by hand, using traditional cheesemaking process with cultures. It is coated by fine white mold.

Ilo Cashew White Mold has a mild, rich taste. It is a perfect addition to the cheese plate, a vegan alternative to the traditional white mold cheese.

Cashew is both tasty and nutritious: rich source of plant-based protein, unsaturated fat and dietary minerals. Cashew is an excellent raw material for vegan products.

Package size: 120 g
